WHAT OUR PATIENTS SAY

I can't tell you how ecstatic I was when I left Dr. Miyasaki's office, I went in in the morning & left within a couple hours with a completely new smile that same day.

I felt no pain at all after the procedure, Dr. Miyasaki and his staff made me feel so comforted and reassuring that I had nothing to worry about, & they were right, each and everyone of the staff in office has so much care and compassion for every individual that walks through there front door. that I would recommend anybody with High anxiety , or who are just traumatized with visits to the dentists, like I was. To definitely go down to Dr. Miyasaki's office and experience it for yourself. You'll be completely satisfied that you did, and that you're in the best hands.

I finally feel like I have a second shot in getting my life back together, I now have the confidence that I once had before. All thanks to you Dr. Miyasaki, you are the antidote to my fear of trips to the dentists office.

- Analani Alexander, Kailua, HI.

Highly recommended, professional and efficient.

I would highly recommend to anyone who are scared of a dentist. Why? I seldom post on the web or even waste a minute to do so to comment much. However, I was thrilled and impressed by this friendliness and excellent dentist services in this office! The staff were very kind, efficient and you feel part of the "ohana" here every visit Well, so does the doctor or dentist, even the hygienist, I am in good hand, also feel confident about their professionalism work and so far has been a comfortable experience. In short, the care and kindness that I received at Miyasaki Dentist was absolutely wonderful and worth every penny of it!

- Kim NG

This is by far the best place to go to for all your dentistry needs. Highly recommend!

They ALL make you feel at home and treat you with dignity. They genuinely care about their patients. Wish I had come across them earlier. Thank you to whomever decided to send a personal flyer to my house. I'm guessing it was an angel. The tooth fairy? Lol! They want you to be satisfied. They care!!! They don't give you the runaround. Straightforward recommendations. I'll be smiling more in 2 weeks. Cannot wait!! So grateful to them.

Best Dentist !!!!!

We only trust him with our teeth.

My family and I have been seeing Dr. Miyasaki for many years. He is the best and most professional dentist we have ever met. Look no further- he is the best of the best in Hawaii! I can trust him to fix my teeth problems at any time. Before I met him, we had experiences with other dentists who did not fix cavities well or did poor repair work. A co-worker then referred me to Dr. Miyasaki and the rest is history. I cannot help but to thank him and his staff for the exceptional dental services we receive! Also, Dr. Miyasaki and his staff genuinely cares about how patients feel and makes sure we feel comfortable during procedures.

- Dami C

I highly recommend Dr. Wilfred Miyasaki and his staff.

Dr. Miyasaki and staff always puts you at ease and assures that you are comfortable and relaxed through what could be a frightful experience for many. His procedures are always fast, painless and carefully planned out.

WHAT OUR PATIENTS SAY

Your kind, compassionate, and gentle approach added to my commitment and inner knowledge that I made the best decision to call your office.

This rose is for you! You may not recognize it as the fresh yellow rose you gave me on my first appointment in February. When I saw the rose the next morning, it was a tangible reminder that I made the difficult first step and really visited your office. I faced the fear and went through it! The rose represented “Hope” and a new beginning. As you can see, the rose has gone through a metamorphosis as I have during the past six months.

In spite of the years of my lack of an easy, healthy smile, I did my best and was able to use and sharpen other skills to create a good life. No one is defined by only one feature or incident. However, I feel the smile that your expertise and skills created for me is a wonderful added asset to my life now. The least of which is a healthier life. Now, I can express externally with a smile the humor and joy I usually feel. It’s amazing how much lighter I feel without the burden of feeling self-conscious about my lack of a decent smile.

Dr. Miyasaki, if I had you as my childhood dentist, I would never have been in the situation I was in. would have looked forward to visiting the dentist. But there is a reason and a time for everything in life, and we always have to live in the present. Every detour takes us down another route intended for us.

Your kind, compassionate, and gentle approach added to my commitment and inner knowledge that I made the best decision to call your office. Each member of your staff that I interacted with (Remy, Meg, Daryelene, Julia, Verna, Jo, Janet, Jesus) made me feel accepted and encouraged even though I knew I had a lot of work to go through. This compassionate, non-judgmental approach to those facing dental work of any kind is so important. It is different than resetting a broken arm. From the patient’s perspective, one is in a vulnerable position, horizontal in a chair, with intimidating machines and sounds, strong lights, with mouth fully exposed. People are working “in” your face/head. Besides facing this environment, they are dealing with their own inner gremlins of fear or embarrassment. The patient is putting their full trust in your and your assistant’s hands, a huge responsibility.

I felt compelled to write this, in case you have days when you or your staff may feel discouraged or tired or wonder if your work is truly appreciated by your many clients. Hopefully, after you read this, you will know the answer is a resounding yes! You and your team are dispensers of hope, health, and fresh starts. May God bless you and your hands as you work on each client.

Of course, I will be back for regular maintenance and for any other dental issues and will refer anyone I know to Dr. Miyasaki!

Sincerely,
-Gail

**He has a gift.
I recognized it the
first time he worked
on my teeth. Every
step of the way was
an experience of a
professional at work.**

I had great fear of dental work because of an experience of my youth. From this incident I stayed away from Dentists. Now that I'm older I realized the importance of good follow up care. This neglect had put me in a very bad situation.

I saw an ad in the paper regarding Dr. Miyasaki and I called to make an appointment and can say that this was one of the most important and rewarding decisions I have made for myself.

It took time for me to make a first appointment as a caregiver to my mother and other restraints. Then he took the time to write to me regarding my care and encouragement. I then decided and scheduled my first appointment with him. I don't think Dr. Miyasaki even realizes how much he does for others as he has done for me.

He has a gift. I recognized it the first time he worked on my teeth. My fears were gone the minute he stepped into the room. He's soft spoken and has few words to say, but his work is to be admired. Every step of the way was an experience of a professional at work. A master in his field, his nurses work so well with him, very skilled and compassionate. His office staff so detailed and pleasant.

I will always have praises for Dr. Miyasaki and his gift of Dentistry and he will be remembered each time I smile at myself in the mirror. Good Job Dr. Miyasaki! You made a little me (in view of myself) a new and important me!

WHAT OUR PATIENTS SAY

“

Dear Dr. Miyasaki,

I was impressed by your humility and sincere kindness. Your true concern of the needs to help people deeply touched my heart. I could feel your heart as you spoke to me, and I can tell you that you sincerely want to serve and help me to build my confidence to smile, feeling good and not feeling ashamed of my neglect to care for my teeth, after all these years.

I have sacrificed my personal needs for my friends and family. And even today, if I had to, I would put others before me. In all honesty, I prayed that God will show this mercy and help me find a dentist that I could work out a payment plan to get my teeth back into looking descent again. I don't expect much, but I am grateful to what I can expect.

I got home and thanked God that He had his hand on my meeting you, being so kind and understanding and not putting me down on not taking better care of my teeth or telling me don't give excuses, take responsibility that I neglected to care for my teeth and I am now going to pay for it. Every one experiences trauma that causes them to be afraid and I am one who experienced it and was scared.

You assured me that You, Dr. Miyasaki wanted to help me in whatever way you can. As I am writing, I am deeply touched by your humbleness, that I can't stop the tears of being grateful there is someone like you. Tonight as I share my day with God, you will be in my prayers, and I will praise God for your wonderful heart and your willingness to do what you possibly can to fix my teeth. Once again, thank you, you have been a god send blessing!

Sincerely yours,
- Jocelyn Inouye, Wahiawa

Dr Miyasaki is so skilled.

Dr Miyasaki assisted me in a difficult situation when I had a crown split. I did not feel the novocaine needle - he is so skilled. And, in his quiet way, he is a decent, kind man who is responsive to his patients. In addition, his staff, from the front desk to his dental assistants make you feel part of a family.

- Google User

Dr. Miyasaki is very thoughtful and proffesional.

His assistant kind of flubbed a few things. I didnt mind but I could see other people having a problem with it.

Thank you for my appointment.

Thank you for my appointment yesterday, It was my first experience with sedation dentistry and would recommend it to others. Only wish you'd give me a report of what you did, how everything went next steps etc. Maybe you told me, if so I don't remember, would have liked something in writing so could read it after when fully aware. If I could afford it I'd have my whole mouth made over using the sedation dentistry.

DEAR DR. MIYASAKI,

FOR THE YEARS I HAVE KNOWN YOU, YOU WERE ALWAYS KIND AND HAVE GIVEN ME A LOT OF ATTENTION. WORDS CANNOT EXPRESS MY THANKFULNESS. IF NOT FOR YOU, I WOULD BE LOOKING OLD AND READY TO FADE AWAY. THANKS TO YOU I FEEL YOUNG...

ANYWAY, TO SHOW MY APPRECIATION I WENT TO THE COMMISSARY AND BOUGHT SOME FRUIT FOR YOU AND YOUR WIFE TO ENJOY. MY OWN CHOICE. I THINK IT WILL TAKE A WHILE TO FINISH IT UP BUT TRY YOUR BEST TO STAY HEALTHY! IF I CAN BE OF ANY HELP PLEASE FEEL FREE TO ASK ME.

AGAIN, THANK YOU FROM THE BOTTOM OF MY HEART. I WILL NEVER FORGET A GOOD FRIEND LIKE YOU!!

Outstanding Visit!

My Hygienist (Janet) is the best!! Janet was extremely gentle, was always tuned into how I was feeling, and she was very thorough. Additionally, Dr. Miyasaki, the Front Desk Team (Julia and Darlene), and the rest of the staff are super professional, they work together seamlessly, and they make every visit feel like visiting family. In my opinion, Dr. Miyasaki and his staff have perfected the art of painless dentistry. If you are allergic to pain and visiting the Dentist stresses you out, like me, this is the place and the team for you.

WHAT OUR PATIENTS SAY

My smile made me feel unhappy and very insecure, so I started browsing around for someone who could fix the problem.

Dr. David Miyasaki did exactly just that. He is well mannered and was open to hear about all of my concerns. He provided me with different options to make my decision easier without feeling pressured. it was a long process, but he worked around my difficult schedule and made sure I was comfortable every step of the way. he also has an outstanding staff, they all have a positive attitude and extremely polite. i am very happy with the outcome. It may take some to build up my confidence, but having to smile and speak to people without getting embarrassed are one of the reasons why i am glad I trusted Dr. David and didnt just pick this practice based on their great reviews, but for something they are more than capable of. i highly recommend Dr. David Miyasaki, especially if you are someone who dreads going to the dentist. he might actually change your mind. Thank you, Dr. David, Elieen, Remy, and Mercedes for taking great care of me and for everything else. :)

- Sam Tan

I have never been to a dentist and left the office feeling great. I have had a life long fear of the dentist. Dr. Miyasaki and his staff made me feel so great and comfortable.

So professional and caring, best experience ever!

Haven't been keeping up regular visits to a dentist and now with my teeth and gums in critical condition, I finally had the courage to call Dr. Miyasaki after seeing an ad in Midweek. I am so glad I did!!! The entire staff is so professional and Dr. Miyasaki is the most caring and compassionate dentist. He personally welcomes you and is very thorough with explaining the treatments needed for optimum oral health. My situation is very complex and requires major gum restoration and repair to almost every tooth. I was shocked, but Dr. Miyasaki reassured me and sincerely expressed his desire to help fix all the issues and create a beautiful and confident smile. So, please, if you are looking for a truly devoted dentist, call Dr. Miyasaki and I promise you will be more than satisfied with him and his wonderful staff!

- Cyndi Chinen

Friendly and efficient

The reception staff are also really friendly and efficient. They are able to fit me in quickly and process my transactions fast. Going to the dentist is usually not an experience I look forward to, but the competent technicians here, and the welcoming efficient reception staff, make going to the dentist that much easier!

Dr. Miyasaki and his staff took a personal interest in providing me with the best dental care that I could ever ask for.

Since I was pressured by my granddaughter, in May 2016, to have a dental professional examine and try to save any teeth that I had left in my mouth, I reviewed a few dental ads on the internet and found that the Downtown Dental Group was my first choice out of about 6.

I am so glad that my granddaughter was so insistent, so I made arrangements with Dr. Miyasaki's staff to work on my choppers. I found that Dr. Miyasaki and his staff took a personal interest in providing me with the best dental care that I could ever ask for, especially since my past experiences with the dental profession had been unbearable since I was a kid. Even when I felt uncomfortable with a partial, there was no hesitation on the part of Dr. Miyasaki or his staff to provide me with immediate service to fix the problem. I was also offered a payment plan to do the extensive work that needed to be done, it turned out great and payments were tailored to meet my budget. I would not hesitate to refer my family and friends to experience what I found to be something that I should have done years ago.

Thanks to Dr. Miyasaki and his staff for their concerns and excellent work ethics and especially my granddaughter for her insistence for me to take time to attend to something that is so important and give me back my self-assurance and confidence.

- Daniel Smith

I am so happy that I started going to Dr. Miyasaki for my dental needs!

Everyone there is very courteous. Darlyne and Julia in front are so friendly and accommodating. Verna is the best hygienist, very thorough and knowledgeable, yet personable. Meg and Remi help Dr. Miyasaki and they are very good at making you relax if you are nervous like I first was. Dr. Miyasaki is very kind and patient, too, which helps a lot if you are apprehensive in the beginning. In fact, all of them are very patient and understanding and work very hard to make you feel at ease. I don't plan on switching dentists. I'm very happy with Dr. Miyasaki and his staff!!

- Carmella Poska

WHAT OUR PATIENTS SAY

Dear Dr. Miyasaki,

I cannot thank you and your staff enough for the fabulous work you did in seeing me through my dental procedure. I am so grateful to have my confidence, self-esteem and most importantly beautiful SMILE!

I was fortunate to have the support of my husband Paul throughout my ordeal back. In December when all the teeth were removed I really had a hard time looking into the mirror. But, I could not turn back and had to move forward no matter what. It was hard getting used to the dentures at first but I gradually got accustomed to it and within time the adjustment was so much better.

There are still some foods that I cannot eat because they will stick to the dentures but overall I'm doing well. My dental problems started when I was 12 years old. Since that time I've never been back to the dentist until I got the courage to make an appointment to come into your office.

Growing up, from elementary, intermediate and high school I never had any friends. The boys back then called me "corroded." I never did smile and when I'd talk sometimes I would cover my mouth. Often, people could not understand my speech because I would

not open my mouth wide enough so it was like the words were lost and I would have to repeat myself. It wasn't until the teeth were falling out about two years ago that I knew I had to do something. I could not continue living the way I had but that was then.

Today, I smile more and a better person to be around. My husband has noticed how much more happier I am. So, with that said, thank you Dr Miyasaki for your patience and never making judgments and making me feel better.

- Christine I. Kempczenski

Dr. Miyasaki is meticulous with his work and alongside his support team, they all try to make the dental experience as comfortable as possible.

Upon entering Dr. Miyasaki's office, you are always greeted and welcomed warmly by his entire staff no matter how busy they are on the phone or with another patient. The waiting time is minimal, and once inside to see the dentist, the welcoming greeting continues by the other staff members.

Dr. Miyasaki is a dentist that I trust wholeheartedly with the care of my teeth and oral hygiene. He does excellent work and I'm always pleased with the results.

Many people have told me how good my teeth look. My husband and I have traveled and lived internationally in England and Belgium for six years. Therefore, I have been to several dentists and hygienists who have admired my teeth and the work that has been done on it.

It only confirmed what I already knew. Dr. Miyasaki is meticulous with his work and alongside his support team, they all try to make the dental experience as comfortable as possible. I have been with Dr. Miyasaki for many years before traveling abroad and would not choose any other dentist now that we are home in Hawaii. I am encouraging others to have a visit if they are on the verge of looking for a new dentist.

- Val Streff

WHAT OUR PATIENTS SAY

Taking the first step in making an appointment to consult with Dr. Miyasaki was the best thing I could do for myself.

After many years of putting off going to the dentist because of past, traumatic experiences with another dentist, I did some research on A Downtown Dental Group and realized that it was the only solution for me. My case was so extreme because of the pain and swelling in my gums. My overall oral health was not good, which was probably the cause of my high-blood pressure.

Taking the first step in making an appointment to consult with Dr. Miyasaki was the best thing I could do for myself. I was extremely impressed at the end of my first visit due to Dr. Miyasaki's courteous and caring staff. Every courtesy was extended to insure that I was comfortable and stress-free. The gentle demeanor of Dr. Miyasaki was what impressed me the most, unlike my previous dentist, as he instantly put me at ease to reassure me that he would help me to improve my dental health.

My husband and I were so amazed that after each of my sessions at A Downtown Dental Group, I awoke literally pain-free and trauma-free with no side effects whatsoever. There was even no swelling or bleeding after extracting several teeth including my wisdoms. I am so impressed by the whole procedure and would highly recommend A Downtown Dental Group to anyone who is afraid or have been putting off the dentist for many years. The best thing about it is that you don't remember anything during the procedure so there is no trauma at all.

Many thanks to Dr. Miyasaki and his staff for giving me back my confidence in achieving good oral health and giving me back my smile!

- Anne C, Aiea

Dear Dr. Miyasaki,

Thank you very much for your gentle care in taking care of me. I missed you very much. I will always cherish the beautiful smile you gave me by fixing my front teeth. I was always afraid of the dentist, but I want you to know that you are the best. I took a trip to Vegas to relax before the holidays and saw this tie and couldn't resist it. Please wear it when you take your family out to dinner.

- Lei, Honolulu

Absolute Magic.

When I came across the ad on A Downtown Dental Group, I was apprehensive to say the least. It had been 30 years since my last visit to a dentist. Justly so, at least from my perspective, for I had every phobia imaginable, fear of needles, restrictive position in the dental chair, gagging & pain! Dr. Miyasaki and staff explained everything fully and relieved most of my concerns. But the proof was in taking two small tablets an hour before each of my dental procedures. Absolute magic. I slept through the entire thing, no fear, no pain, no side effects.

- Joe Kahili

Very happy and very comfortable.

Very happy with the staff. They made me feel very comfortable.

WHAT OUR PATIENTS SAY

Best dental filling I ever had this is the first time that I ever had dental fillings done and I did not feel any pain at all. I was so happy that I hugged my dentist and his assistant afterwards!

Dr. David Miyasaki really lives up to the testimony that this dental practice caters to cowards. I have a very low tolerance to pain and until I found his father, Dr. Wilfred Miyasaki years ago, I was a true dental phobic. Dr. David listened to my fears and made sure that I didn't feel any pain whatsoever by giving me a topical anesthetic before giving me a novacaine shot (which I didn't feel at all) and making sure that I got enough novacaine (and gave it time to sink in good), so I wouldn't feel the procedure at all. He constantly checked on me during the procedure to make sure I was okay and explained everything to me as he worked, so I would know what to expect. I was a little nervous at first because this was the first time Dr. David was going to do my fillings. I met him for the first time last month when I needed to get a broken tooth fixed (and his father was not available for the appointment time I needed) and he took good care of me then as well. As I had mentioned before in my last review, the saying is true that "the apple doesn't fall far from the tree" because this dental practice of father and son is the best on the island. Just ask any former dental phobic that is a patient there! I recommend them highly. The level of skill, care, and compassion is second to none! Also, having weekend hours has been great for me (since I work double jobs and have a special needs son). Can't find that in a lot of dental practices around.

Look no further, you have found your new great dentist! :-)

- Mich D. G

DR MIYASAKI IS A CONSUMMATE PROFESSIONAL. AND, IN HIS QUIET, EFFICIENT MANNER, HE EXUDES CONFIDENCE IN HIMSELF AND A CARING ATTITUDE FOR HIS PATIENTS. ALSO, IF YOU HAVE TO GET A SHOT FROM A DENTIST, DR. MIYASAKI IS THE GUY. GREAT DENTIST; GOOD MAN.

- JOSEPH S

Dr. Miyasaki and his staff (Darlene and Meg) provided excellent service. They were very friendly and made me feel very comfortable. The temporary procedure I received was quick and painless. You wouldn't believe it, but I look forward to my next appointment.

- Diane Rogers

***The staff at

are great.***

My most recent check up was with staff member Verna; she was great, made me feel comfortable, and was very careful. I really appreciate this.

- Karen Sierner

What a wonderful experience I've had... and it happened in a dentist's chair!

I've just had the pleasure of having dental work done by Dr. Miyasaki and his lovely staff. Every second in Dr. Miyasaki's care has been about easing my worries and fears and solving my dental needs. A more caring, thoughtful, kind, gentle, and conscientious dentist and staff you will not find. For the first time in my life, I actually enjoy going to the dentist.

I'm glad that I believed the testimonials in his ads. The people in the ads had their dreams of having a healthy mouth and beautiful smile come true, and so did I.

Thank you, Dr. Miyaaski and staff, and thank you to the people who guided me to this wonderful dentist by sharing their ownsatisfied experiences in the ads. I really appreciate it!

- Steven Sato, Kaneohe

Dr. Wilfred Miyasaki receives a Number 1 rating from me.

It was always a great experience with the Hygienist Verna Nonaka who works for Dr. Wilfred A. Miyasaki's staff. The experience and quality of services, the preventions, expectations, recommendation and the team approach is why Dr. Wilfred A. Miyasaki stands with number #1 rating from me personally.

As always Dr. Miyasaki and his staff are great. Always concerned about my comfort.

Being a total scaredy cat and full of anxiety when it comes to dentist visits, I appreciate the efforts made to ensure that I am okay. The dental hygienist was exceptional and extremely nice, it was a pleasant experience.

From the second I walked in, the staff was awesome and friendly.

This past Tuesday (06/14/16) I passed this Dental Office that said, "Diabetic Dentistry". I've passed this office many, many times and have always been curious, but never "braved" to go in and ask for more info.

Well I did! From the second I walked in, the staff was awesome and friendly. Got an appointment set two days later! Yesterday, Wednesday (06/15/16) I received a call from the DENTIST HIMSELF, DR. WILFRED MIYASAKI! I've never in my life had a dentist personally call to welcome me, ever!!!! Usually, it's the receptionist that calls you to remind you of your appointment.

Well, I showed up for appointment and right from the start, I felt very good. The entire staff says hello to you (very friendly and professional). I was taken into a nice room and received, a gift bag, apple juice and starbach's frap served on a silver platter and a long stem red rose after my exam for FREE!!!!!! OMG. where do you find this kind of awesome service?
